

## **IONA -- 32S for 2 couples by John Wood**

1-4 First couple set to each other and change places, giving right hands.

5-6 Both couples, taking hands on the sides, set to partners.

7-8 First woman casts down to second place on the men's side, while second woman casts up to first place on her own side. First and second men dance across the set to finish in partner's place, facing out.

9-16 First and second couples dance ladies' chain, finishing facing diagonally in.

17-20 First and second couples dance a petronella turn to the right one place round, and, with nearer hands joined with partners, set facing up or down the set.

21-24 Still facing the first couple, second couple dance a half figure of eight round the first couple, to finish with both couples facing across the set.

25-28 Both couples advance and retire twice (one step each way).

29-32 Both couples turn partners both hands once round.

Repeat, having passed a couple.
